

EXAM GROUP EDUCATIONAL & ORGANISATIONAL TA

This course is for those trainees who are preparing for CTA Educational and/or Organisational and/or MSc accreditation.

Training will be delivered by our Educational and Organisational trainers who will be working on this programme. It will comprise ten training days throughout the academic year, including attendance at the two-day multi-field conference at the end of the academic year.

A typical training day will include an open agenda, where trainees can request supervision, advanced theory, skills practice, professional practice review, prepare for written and oral exams, analyse recordings etc.

Training hours can also count for advanced TA training.

Trainees may choose to just take the Diploma in Organisational TA or continue to CTA/MSc in Organisational TA. Trainees who pass the international Certified Transactional Analyst (CTA) exam can have an MSc awarded by Middlesex University if they have previously enrolled for this.
